

Adopt-A-Day is designed for corporate sponsors, community organizations and groups of all kinds to come together for a day of team building. The combination of volunteer hours and financial contributions doubles your group's impact. By the end of a Team Habitat day, your group will be connected with each other and with the community in a truly unique way. The satisfaction that comes from working with your hands, our partner families, and our construction staff will leave your group feeling motivated and fulfilled.
