

Genesee County Habitat for Humanity has a 30-year history creating and preserving affordable housing solutions in Genesee County. During that time, we have emerged as a cornerstone nonprofit agency working to mitigate the housing challenges our community faces. We build and sell affordable homes, provide low-cost home repairs, offer financial and homebuyer education, work with local neighborhood organizations on revitalization projects throughout the City of Flint, and operate a ReStore. We could not carry out our work without the help of our generous donors. Genesee Habitat's sustainability depends on the vital combination of funds and volunteer labor provided by those who partner with us.
