Other Things to Consider for a Great Volunteer Day:

- **Lunch:** Our crew’s lunch plans vary from day to day and from site to site. Most volunteers bring a brown-bag lunch, just in case there is nowhere nearby to grab a bite to eat.
- **Water:** Although we bring a water cooler, it is encouraged to bring a refillable water bottle to the site with you. Staying hydrated is just as important as wearing your safety glasses!
- **Attire:** Remember that you are working on an active construction site. Proper attire and footwear is very important in having a safe day. Clothing should be appropriate for getting dirty or performing any range of construction tasks. Closed-toe, thick-sole tennis shoes or boots are required (no sandals will be allowed). Long hair should be tied back.
- **T-Shirts:** Habitat gear is nice to have and makes for a great souvenir of your volunteer day. T-shirts are available for a \$10 donation.

Release to conduct a background and Sex Offender Registry check:

Because the nature of our work requires us to work with at-risk families and youth, GCHFH requires its volunteers and staff to provide authorization to conduct a standard background and sex offender registry check. We reserve the right to deny volunteer opportunities to those who do not comply or do not meet the criteria regarding background checks.

Have you ever been convicted of a felony? ___ Yes ___ No

If Yes, please explain: _____

I, _____ authorize GCHFH to conduct a background and sex offender registry check prior to beginning my volunteer service.
